USER MANUAL [EN]

CHARGING & SAFETY

- Use only high quality 18650 batteries. Check Mooch for detailed / real battery specifications.
- Use a quality external charger. Do not leave batteries charging unattended.
- Always store 18650 batteries safely in plastic or silicone protective sleeves.
- Do not leave device charging unattended.
- Always check coils for recommended wattage range.

QUICK SETUP

- Attach the Zlide Tank (1.20hm Coils)
- Fill the tank and wait 5 mins to prime.
- Adjust tank airflow to preference.
- Power on Device (3x)
- Select Wattage Mode.
- Set Wattage to 10W.
- Vape then increase wattage to preferred heat and taste.
